

What's Happening in the 80th ASG

ARMY COMMUNITY SERVICE

ARMY

FAMILY

ACTION

PLAN.

Issue boxes will be located at the BFO, Commissary, Prime Time Lounge, and the WEB office beginning on January 5th. The AFAP functions on the premise that all members of the Army community are experts on Army standards of living. AFAP responds to issues these experts consider important. For nineteen years, members of the Army have gathered at posts, camps, stations, regional areas, and headquarters to identify issues that impact their fundamental quality of life. As a result, they have helped institute and improve programs and services, revise policies, and change laws. To make a suggestion for the AFAP conference, scheduled for Feb 12 & 13 at the IC Club, complete an issue sheet which can be found beginning Jan 5th at the above locations. If you are interested in volunteering for the conference, please contact the AFAP Coordinator at DSN 423-5425 or CIV 065445425. AFAP resolutions from other AFAP Conferences include upgrades to the SHAPE high school girl's restrooms, upgrades in SHAPE barracks (upgraded laundry facilities), the addition of a Victim Advocate at ACS, increased teaching staff at the American Section of SHAPE elementary school, and a no-charge AFN TV broadcast in barracks located on SHAPE.
